- Odors (smell of alcohol, body odor or urine);
- Movements (unsteady, fidgety, dizzy);
- Eyes (dilated, constricted or watery eyes or involuntary eye movements);

- Actions (yawning, twitching); or
- Inactions (sleeping, unconscious, no reaction to questions).

Unusual patterns of behavior that may suggest drug or alcohol misuse include but are not limited to:

- Repeatedly calling in sick;
- Being absent directly before or after holidays and weekends;
- Repeatedly damaging inventory or failing to meet reasonable work schedules; and
- Being involved in frequent accidents that can be related to the use of drugs or other substances.

INSPECTION AND TESTING

Boys & Girls Clubs Laredo reserves the right to take any and all appropriate and lawful actions necessary to enforce this drug- and alcohol-free workplace policy, including but not limited to the inspection of organization-issued lockers, desks or other suspected areas of concealment, as well as an employee's personal property when the organization has reasonable suspicion to believe that the employee has violated this drug- and alcohol-free workplace policy (see "Reasonable Suspicion" above).

Screening, testing and security measures may be used as methods of enforcement, as permitted by applicable state law. It is a violation of this policy to refuse to submit to testing. Tests that are paid for by the organization are the property of the organization, and the examination records will be treated as confidential and held in separate medical files. However, records of specific examinations will be made available, if required by law or regulation, to the employee, persons designated and authorized by the employee, public agencies, relevant insurance companies and/or the employee's doctor.

PRESCRIPTION MEDICATION AND LEGAL DRUGS

Employees and volunteers are prohibited from reporting to work or working when using any legal drugs, except when the use is pursuant to a doctor's orders and the doctor has advised the employee or volunteer that the substance does not adversely affect the employee's or volunteer's ability to safely perform his or her duties.

Employees and volunteers taking a legal drug, such as prescription medication or medical marijuana, that potentially affects job safety or performance are responsible for notifying their supervisor and/or Club leadership so that a determination of job performance or reasonable accommodation can be made. An employee/volunteer may not be permitted to perform his or her job duties unless such a determination or reasonable accommodation is made.

Incident Management Policy (Page 1 of 2)

INCIDENT INVESTIGATION

Boys & Girls Clubs Laredo takes all incidents seriously and is committed to supporting external investigations of all reported incidents and allegations or internal investigations by the Safety Committee when not an externally reportable incident.

Federal, state, and local criminal and or mandated child abuse reporting laws must be complied with before any consideration of an internal investigation. The internal investigation should never be viewed as a substitute for a required criminal or child protective services investigation.

In the event that an incident involves an allegation against a staff member, volunteer or Club member, the Club shall suspend that individual immediately (employees with pay) and maintain the suspension throughout the course of the investigation.

BGCA CRITICAL INCIDENT REPORTING

Each Member Organization shall immediately report any allegation of abuse or potential criminal matter to law enforcement. In addition, each Member Organization shall report the following critical incidents to BGCA within 24 hours:

Technology Acceptable Use Policy (Page 1 of 5)

CLUB MEMBER USAGE

Before a member will be allowed to use Club technology equipment or their personal device, both the member and his/her parent/guardian will need to read and sign the Technology Acceptable Use policy and return it to the Club. Under the Technology Acceptable Use policy, the following relevant principles shall apply:

Club devices shall include any and all Club-owned existing and/or emerging technologies and devices that can take photographs, play, and record audio or video, input text, upload and download content and/or media and transmit or receive messages or images.

Personally owned devices shall include any and all member-owned existing and/or emerging technologies and devices that can take photographs, play and record audio or video, input text, upload and download content and/or media and transmit or receive messages or images.

Club purposes shall include program activities, career development, communication with experts and/or Club peer members, homework, and Club activities. Members are expected to act responsibly and thoughtfully when using technology resources. Members bear the burden of responsibility to inquire with staff when they are unsure of the permissibility of a particular use of technology prior to engaging in its use.

Authorized use: Club devices and personally owned devices are permitted for use during approved Club times for Club purposes and in approved locations only. The Club expressly prohibits the use of Club devices or personally owned devices in locker rooms, restrooms, and other areas where there is an expectation of privacy.

Appropriate use: Members may not use any technology to harass, threaten, demean, humiliate, intimidate, embarrass, or annoy their peers or others in their community. Any inappropriate use of a Club or personally owned device, as determined by Club staff, can lead to disciplinary action including but not limited to confiscation of the device, immediate suspension from the Club, termination of membership or other disciplinary actions determined to be appropriate to the Club's existing disciplinary policies including, if applicable, referral to local law enforcement.

Monitoring and inspection: Boys & Girls Clubs Laredo reserves the right to monitor, inspect, copy, and review any personally owned device that is brought to the Club. Parents/guardians will be notified before such an inspection takes place and may be present, at their choice, during the inspection. Parents/guardians may refuse to allow such inspections. If so, the member may be barred from bringing personally owned devices to the Club in the future.

Loss and damage: Members are responsible for keeping devices with them at all times. Staff are not responsible for the security and condition of the member's personal device. Furthermore, the Club is not liable for the loss, damage, misuse, or theft of any personally owned device brought to the Club.

Any inappropriate or unauthorized use of a Club or personally owned device, as determined by Club staff, can lead to disciplinary action including but not limited to confiscation of the device, immediate suspension from the Club, termination of membership or other disciplinary actions determined to be appropriate to the Club's existing disciplinary policies, including, if applicable, referral to local law enforcement.

Members must be aware of the appropriateness of communications when using Club or personally owned devices. Inappropriate communication is prohibited in any public or private messages, as well as material posted online. Inappropriate communication includes but is not limited to the following:

- Obscene, profane, lewd, vulgar, rude, inflammatory, threatening, or disrespectful language or images typed, posted, or spoken by members;
- Information that could cause damage to an individual or the Club community or create the danger of disruption of the Club environment;
- Personal attacks, including prejudicial or discriminatory attacks;
- Harassment (persistently acting in a manner that distresses or annoys another person) or stalking of

Technology Acceptable Use Policy (Page 2 of 5)

others;

- Knowingly or recklessly posting false or defamatory information about a person or organization; or
- Communication that promotes the destruction of property, including the acquisition or creation of weapons or other destructive devices.

If a member is told to stop sending communications, that member must cease the activity immediately.

Cyberbullying: Members may not utilize any technology to harass, threaten, demean, humiliate, intimidate, embarrass, or annoy their peers or others in their community. This behavior is cyberbullying, which is defined as bullying that takes place using emerging technologies and devices. Any cyberbullying that is determined to disrupt the safety and/or well-being of the Club, Club members, Club staff or community is subject to disciplinary action.

Examples of cyberbullying include, but are not limited to:

- Harassing, threatening or hurtful text messages, emails, or comments on social media.
- Rumors sent by email or posted on social networking sites.
- Embarrassing pictures, videos, websites, or fake profiles.

Members may not attempt to gain unauthorized access to the Club's network, or to any other computer system through the Club's network. This includes attempting to log in through another person's account or accessing another person's files. Members may not use the Club's network to engage in any illegal act, including, but not limited to, arranging for the purchase or sale of alcohol, tobacco, or other drugs; engaging in criminal activity; or threatening the safety of another person. Members may not make deliberate attempts to disrupt the computer system or destroy data by spreading computer viruses.

Monitoring and inspection: Boys & Girls Clubs Laredo reserves the right to monitor, inspect, copy, and review files stored on Club-owned devices or networks. In addition, Boys & Girls Clubs Laredo reserves the right to inspect and/or review personally owned devices that are brought to the Club.

Parents/guardians will be notified before such an inspection takes place and may be present, at their choice, during the inspection. Parents/guardians may refuse to allow such inspections, but the member may be barred from bringing personally owned devices to the Club in the future.

Internet access: Personally owned devices used at the Club must access the internet via the Club's content-filtered wireless network and are not permitted to directly connect to the internet through a phone network or other content service provider. Boys & Girls Clubs Laredo reserves the right to monitor communication and internet traffic, and to manage, open or close access to specific online websites, portals, networks, or other services. Members must follow Club procedures to access the Club's internet service.

Loss and damage: Members are responsible for keeping the personal device with them at all times. Staff are not responsible for the security and/or condition of the member's personal device. Furthermore, the Club shall not be liable for the loss, damage, misuse, or theft of any personally owned device brought to the Club.

Parental notification and responsibility: While the Boys & Girls Clubs Laredo Technology Acceptable Use Policy restricts the access of inappropriate material, supervision of internet usage might not always be possible. Due to the wide range of material available on the internet, some material might not fit the particular values of members and/or their families. Because of this, it is not considered practical for Boys & Girls Clubs Laredo to monitor and enforce a wide range of social values in student use of the internet. If parents/guardians do not want members to access information beyond the scope of the Technology Acceptable Use Policy, they should instruct members not to access such materials.

Digital citizenship: Club members shall conduct themselves online in a manner that is aligned with the Boys & Girls Clubs Laredo Code of Conduct. The same rules and guidelines members are expected to follow offline (i.e., in the real world) shall also be followed when online. Should a member behave online in a manner

Technology Acceptable Use Policy (Page 3 of 5)

that violates the Boys & Girls Clubs Laredo Code of Conduct, that member shall face the same discipline policy and actions they would if their behavior had happened within the physical Club environment.

Club-owned-and-operated technology: Members are expected to follow the same rules and guidelines when using Club-owned technology. Club technology and systems are the property of the Club, are intended to be used for Club purposes and are to be used during approved times with appropriate supervision. Club members shall never access or use Club technology or systems without prior approval.

Digital citizenship and technology safety training: All members who wish to use a Boys & Girls Clubs device or equipment will be required to successfully complete a BGCA-provided digital citizenship and technology safety training. This training is required for all members annually.

STAFF AND VOLUNTEER USAGE

Before a staff member can use Club technology equipment or a personal device, he/she shall read and sign the Technology Acceptable Use policy and return it to the Club. Under the Technology Acceptable Use policy, the following relevant principles shall apply:

Staff bear the burden of responsibility to ask their supervisor when they are not sure of the permissibility of a particular use of technology prior to engaging in that use.

Authorized use: Personally owned devices are permitted for use during approved Club times for Club purposes and in approved locations only. The Club expressly prohibits the use of personally owned devices in locker rooms, restrooms, and other areas where there is an expectation of privacy.

Appropriate use: Staff may not use any technology to harass, threaten, demean, humiliate, intimidate, embarrass, or annoy their peers or others in their community. Any inappropriate use of a personally owned device, as determined by a supervisor, can lead to disciplinary action including but not limited to confiscation of the device, immediate suspension from the Club, termination of employment or volunteer assignment or other disciplinary actions determined to be appropriate to the Club's existing disciplinary policies including, if applicable, referral to local law enforcement.

Transportation Policy (Page 1 of 2)

Boys & Girls Clubs Laredo is committed to providing a safe environment and enforces the following transportation policy for members, staff, volunteers, and other adults. Boys & Girls Clubs Laredo only provides transportation to and from the Club house and various approved off-site locations. The Club only transports youth in Club vehicles or other vehicles approved by Club leadership.

DRIVERS:

- Must allow for DMV background check and be cleared to transport youth per the barrier crime policy of the organization.
- Must keep an updated list of all youth who are transported to and from the Club house and Club- related activities.
- Must confirm that no children are left on a vehicle after every trip (based on a seat-by-seat scan of each vehicle); log must be signed daily to ensure compliance.
- Must perform regular checks to ensure that all members are picked up and dropped off at the appropriate times and locations.
- Must submit written reports detailing issues or incidents involving transportation of members to and from the Clubhouse or to and from Club-related activities.
- Must only transport members in official Club vehicles.
- Must ensure that at least three individuals are present when transporting members. If one child remains to be dropped off, two adults (18 or over) must be present in vehicle.
- Must never transport Club members in personal vehicles.
- Must never use cell phones, PDAs or other communication devices while transporting members to and from the Clubhouse or Club-related activities.

VEHICLE

- Each agency vehicle should meet all local, state, and federal inspection and licensing requirements.
- Each vehicle should be inspected as outlined by DMV by staff before every trip for which youth are being transported; any problems with the vehicle must be addressed promptly.
- Regular maintenance should be performed on vehicles and documents/records reflecting that maintenance should be maintained.
- Each vehicle must provide a seat belt for every passenger and fully comply with state and federal seat belt regulations.
- Each vehicle must have a complete first-aid kit that satisfies state licensing requirements.
- Each vehicle must have a working and current fire extinguisher that satisfies state licensing requirements.
- Each vehicle must have reflective traffic warning signs (e.g., triangles or flares) that are stored securely during transport.
- The vehicle must be clean and well maintained and exterior physical damage must be repaired promptly.

SHARED-USE RESTROOMS

- On a field trip or when using a public restroom, youth shall never enter the restroom alone unless it is a single-stall restroom that is empty.
- Youth shall follow the "rule of three" in using public restrooms, with at least two youth and an adult walking to the restrooms and three youth entering a multi-stall facility together. The adult will remain outside the restroom door to provide auditory surveillance.
- Whenever possible, staff/volunteers will monitor and clear public restrooms before use by members to ensure that the facility is free of adults – and clear of youth not involved in the Club program – before allowing youth to use the facilities. Alternatively, staff members will stand in the restroom doorway and/or hold the door at least partially open when supervising member use of public restrooms. Staff may position themselves inside the restroom near the sinks if positioning at the door is not feasible or is deemed

Transportation Policy (Page 2 of 2)

ineffective.

- In a shared-use facility, Boys & Girls Clubs will utilize the best practice of shutting the exterior door to the restroom and using an "Occupied" sign outside of the door to alert others that they must wait until Club members have exited the restroom before they can enter.

ACCIDENT OR EMERGENCY PROTOCOL

- Driver should immediately notify Club leadership if there is a delay or issue (e.g., breakdown, accident, emergency) with transporting members to and from the Clubhouse or Club-related activities.
- Staff shall immediately inform Club leadership if a staff member, volunteer, or board member violates this policy. In such case, the organization will take appropriate disciplinary action, up to and including termination.

Through the appropriate use of Club and community resources, Boys & Girls Clubs strive to mitigate the immediate effects of an emergency and its long-term effects on Club operations and mission by being prepared to effectively respond to and recovery from an emergency.

Emergency Operations Plan Policy (Page 1 of 1)

EMERGENCY OPERATIONS PLAN (EOP)

Boys & Girls Clubs shall create and maintain an Emergency Operations Plan (EOP). At minimum, the plan shall encompass the following elements:

- Mitigation, preparedness, response, and recovery for the following types of emergencies:
 - Fire
 - Weather (tornado, flooding, hurricane, etc.)
 - Lockdown (for interior or exterior threat)
 - Bomb threat
 - Suspicious package
- Training/drill schedule and reporting procedures for staff, volunteers, and members.
- Developed and shared with local first responders, such as fire department and law enforcement agencies.

EOP ANNUAL REVIEW

Boys & Girls Club Laredo leadership will maintain a board-led safety committee that regularly focuses on safety and will have oversight and responsibility for the emergency operations plan. The board-led safety committee will be responsible for reviewing and updating the emergency operations plan annually.

FIRST AID AND CPR TRAINING

Boys & Girls Clubs Laredo always maintains a minimum of one CPR- or first-aid-trained staff on site during all operating hours when members are being served.

KEY DEFINITIONS

Emergency: An emergency is any event, natural or man-made, whether expected or unexpected, that places life or significant Club assets in danger or threatens the ability to conduct normal business operations and usually involves abnormal time constraints and resource responses.

Mitigation: Mitigation is the effort to reduce loss of life and property by lessening the impact of disasters or emergencies. For mitigation to be effective, we need to take action now — before the next emergency occurs — to reduce human and financial consequences later.

Preparedness: Preparedness helps everyone act quickly and decisively in the face of a disaster or emergency and can minimize loss of property and prevent death and injury. An effective emergency plan should include steps to ensure that those with disabilities or special needs are provided with a proper evacuation strategy.
